ACCELERATOR

Delicate deeply moisturising accelerator.

Strength ★ 30x

“ Delicate tan and fresh and floral scent.

## Effect after application:

Bloom of Youth is a floral lotion that accelerates tanning subtly. Applied on the skin, it moisturises the skin visibly, makes it soft and leaves a scent of fresh meadow flowers in the air. Biotanning Formula, based on the orange peel extract, guarantees a deep and long-lasting tan. Bloom of Youth also has ingredients such as safflower oleosomes and a large dose of vitamin E which condition your skin perfectly.

Just like other cosmetics from the Coloured series, this lotion protects tattoos excellently and protects them from losing their colours.
