

Paradiso

WHITE BRONZER

Strong white bronzer for those who wish to have a long-lasting colour.

Strength ★★★★★

150x

Paradisal tan at your fingertips.

Effect after application:

Paradiso is a tropical journey to the land of paradisaal deep tan. A strong effect of delayed bronzers guarantees intensive effects which last for up to a dozen or so days.

The alabaster colour of the lotion leaves your clothes spotless, whereas the tan is even and brown.

It is best to apply the cosmetic right before a tanning session. However, you will have to wait a little longer for the final effect of a deep brown colour.

Fragrance:

yoghurt cocktail

Lotion colour:

alabaster white

Capacity:

15 ml / 250 ml

skin hydration

delayed bronzer

protection of tattoos

DHA

A mixture of natural oils
and the most effective delayed bronzers.

MultiOil Formula

Carefully selected natural oils, whose aim is to take care of your skin, moisturise it deeply and restore healthy glow to it. Paradiso is rich in Marula and coconut oil.

Delayed Bronzers Formula

Based on erythrulose, whose effect is visible a dozen or so hours after a tanning session, and the effects deepen over time. The effect of delayed bronzers may last for up to 4 days, while the tan is deep and lasts longer.

Additionally

Lemon balm extract
CoQ10
Vitamin E
Aloe Vera Leaf Extract

Biotanning Formula
HydroBalance Formula
TattooSaver Formula
