

Posh!

BRONZER

Medium bronzer
with nut and caramel notes.

Strength ★★★

80x

Caramel odyssey.

Effect after application:

A universal bronzer with a classic scent is a must-have in every solarium.

Thanks to natural caramel and walnut extracts, Posh! allows you to give your skin a dark but even colour without streaks and discolouration.

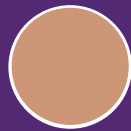

An aloe vera extract in the lotion moisturises the skin strongly, whereas a unique Energy Spirit complex, which is based on caffeine, taurine, pomegranate extract and vitamin E, has a refreshing and boosting effect.
