

Shine

TANNING SERUM FOR FACE

Luxurious mixture of moisturising and anti-aging ingredients.

Strength ★

20x

“

Alabaster skin, silky smoothness.

Effect after application:

Face skin requires a specialist approach! Shine is a perfect supplement to body tanning cosmetics.

The serum facilitates the tanning process delicately and tucks the face skin with a revitalising band-aid with a magical anti-aging power.

Shine can be used right before tanning, but also as part of daily care routine.

Fragrance:

exotic cocktail
