

Aloha

BRONZER

Bronzer for those who expect fast effects.

Power

90x

Hawaiian tan at your fingertips.

Effect after application:

There are situations when tan is needed immediately. In such situations, you should grab a bronzer for special tasks.

Aloha brings Hawaiian waves of an instant colour like from hot wild beaches. The lotion guarantees a natural effect that is visible right after tanning.

It is best to apply the cosmetic right before a tanning session and you will not have to wait for the results.
